Sub 2 sense that end stuff is aboard, vessel is in way  
to get directly where it's going at low as it's  
(415) in international speed.

54 1/2 Sense that activities are low level, dark  
"like" in a hold or under area where things  
are stored or buried. Further sense that no  
great pains are taken to conceal it, as if  
the people know it they are stopped, it was  
going to be found anyway. It's out of the  
way, hidden from casual view, but  
still detectable.

S4/2 uncertainty about this vessel ever coming in.  
A/S-like maybe transfer Surenburee.

S4/2 Impression of being <sup>well</sup> off East Coast, near some  
Islands where it doesn't use, ~~but~~ except as  
a point of reference. When it waits and  
someone comes & gets the stuff. It's  
somewhat to the so. of some of these Islands
